

16-Device AC Charging Cabinet for Laptops, Tablets & Chromebooks up to 15.6" - Horizontal

- **Charges 16 Devices** up to 15.6" screen size – Chromebooks, laptops and tablets (including protective cases), POS devices, tooling and other chargeable equipment
- **Individual Device Compartments** store devices horizontally within a compact footprint
- **Fast Charging** ensures devices are ready to go when you need them
- **Silent Charging** with unique ventilation system and no noisy fan
- **Maximum Security & Safety** with lock that includes a 6 plate lever activation system and separate lockable power compartment
- **Built to Last** with high density materials, components and construction processes to withstand the busiest environments such as education, healthcare, retail, industrial and commercial
- **Support for Life** with Lifetime Warranty (5 years electrical), ships fully assembled

Inset door handles prevent protruding parts eliminating breakages.

Key locking system, tested by an independent locksmith, 6 plate lever activation system and double-sided key with two sets of teeth, making the lock more durable, impossible to pick and substantially increasing security.

Top surface overhangs at the rear to allow the top surface to sit flush against the wall but still allowing fresh air to circulate through the back of the unit.

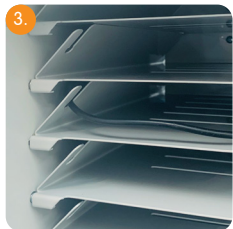

Weight bearing L-shaped feet are fitted to the base of the unit to ensure air circulation and easy cleaning.

Devices sit horizontally within roomy compartments to protect the device with space for protective cases.

Both front and rear door fully open 270° which gives full access to both device and power compartments.

Cable clip channels located in the side of each device storage shelf to ensure cable is locked into position.

Device adaptors plug into 2 x 8-way power strips designed and manufactured in-house. Sockets accommodate larger adaptors and plugs without blocking adjacent outlets.

Individual pockets for AC adaptors to secure cables in place, organised and free from damage with ventilation to prevent overheating. AC pockets manufactured from flexible ABS to allow users to bend open the pocket allowing easy access during set-up and maintenance.

Silent ventilation system includes floor and rear vents to keep devices cool with constant air circulation without the need for a noisy fan that can also spread germs.

Soft-start power management system incorporates in-rush surge protection, sequential start-up and residual current protection. Simultaneous charging of all 16 devices are fully charged as fast as possible.

IEC socket with 1.8m / 6ft power cord designed to snap out if pulled away from the wall to prevent damage.

| | Code | Number of devices can hold | Unit Dimensions | Device Compartment Size |
|--|-----------|----------------------------|--|---|
| Lyte 16 Single Door Metal Shelf | LYT16SDMS | 16 | W570 x D610 x H715 mm 22.4" x 24" x 28.1" | W420 x D300 x T40 mm 16.5" x 11.8 x 1.6" |

IMPORTANT NOTE: CHECK ACTUAL DEVICE SIZE, INCLUDING POWER CABLE FOR COMPATIBILITY WITH DEVICE COMPARTMENT SIZE. IF IN DOUBT PLEASE CONTACT LAPCABBY FOR CONFIRMATION

About LapCabby

LapCabby has been developing innovative products that our customers love for the last 20 years.

We make portable storage trolleys and charging solutions for laptops, tablets, e-readers, Chromebooks and netbooks.

It's the smart way to keep tech safe, charged, and in one secure place.

We've included some really ingenious features to ensure our products do everything you need them to - and a little more besides.

Our trolleys are used everywhere, from Education, Health Sector, Local and State Government and Corporate, so whatever you are, our products are sure to make a difference.
