The NEW and improved science storage range...

# The new science storage range from Gratnells...

Callero Plus is a new range from Gratnells, specifically designed for science storage. Boasting 25% extra storage space and larger castors for added stability, Callero Plus is ergonomically designed for science laboratories.

The Callero Plus trolleys feature a new enclosed metal framing, which reduces the need for cleaning as well as offering enhanced security. New StopSafe runners mean that the units are extremely secure and completely child friendly. The runners can be moved to accommodate both shallow and deep trays in one unit.

The Callero Plus trolleys are available in two size variations, double and treble and are all supplied fully assembled in a durable white finish.

You can choose from a large selection of tray colours, including; Tomato Red, Lime Green, Sunshine yellow and many more. The Callero Plus range is versatile, modern and secure, perfect for transporting science supplies between labs and prep rooms.
