

ANOTHER FIRST FROM GRATNELLS

Introducing the new stop'n'tilt® tray runner. The perfect partner for your wood furniture.

When it comes to keeping the classroom tidy, the new stop'n'tilt® tray runner from Gratnells is just what teachers have been waiting for.

Thanks to its clever locking device, the new stop'n'tilt® tray runner keeps each Gratnells tray securely in position for easy access. Yet, with a simple upward tilt, trays can be removed quickly and safely. No accidents. No mess.

Available in beige, white or yellow, the stop'n'tilt® tray runner can be used for shallow tray units or deep tray units.

That's why it's the perfect partner for all your wooden furniture products. And a great match for any classroom, too.
